BEYONDIA\_KASHIWANOHA

Welcome to the last newsletter of the 2025-2026 school year. It is packed with all the fun and excitement from March.

## Voices of N/Pre

### Strawberry Fun

The Pre class took a trip to the Loco Door greenhouse to enjoy some of the last strawberries of the year. They excitedly gobbled up as many juicy strawberries as they could before getting too full. They had a great time and are looking forward to growing their own next year.

### Cuddle Buddies

Everyone was so happy to bring their cuddle buddies to school this month. Once they arrived, they showed off the toys they brought to all their friends. They played games, ate lunch, and even napped with their teddies. So many cute moments for them to share and remember.

### Enjoying Spring

Winter finally started to fade towards the end of March and lots of flowers started to bloom around the city. The N/Pre class headed out to see how many different flowers they were able to spot. They were especially excited to see the sakura trees and all their lovely flowers.

### Book Recommendation

**Goodbye Winter, Hello Spring**  
Through amazing artwork, this story shows kids all about how the world changes from winter to spring.

**Planting a Rainbow**  
This story is about a family who plant many different colours of flowers and grow a rainbow in their garden.

### Baby & Mommy

#### Butterflies

Our smallest friends learned about different things that can be seen in spring like flowers and insects. They celebrated the changing of the season by making a lovely butterfly craft. It is great to see them grow so much in such a short time. I am sure they are excited for next year.

# Kinder Memories

## St. Patrick's Day

We celebrated St. Patrick's Day this year. The class learned that it is one of the biggest holidays in Ireland. Many countries often celebrated the day by having huge parades and wearing green. The Kinders made leprechaun hats and beards to use during the event. We played musical chairs to some Irish music and played a game where they had to put all their gold back in the pot.

## Cuddle Buddy Day

Everyone excitedly brought their cuddly little buddies this month. We had so many cuddly toys on the Kinder side of many different sizes. They had a great time showing their toys to their friends. We did some activities like drawing their cuddle buddies, making food for them, telling stories them and so much more. They took their nap with their cuddle buddies. They had a great time showing their cuddle buddies their school.

# IB Thinking

## Cherry Blossoms

The Kinder classes celebrated the spring by going to see the cherry blossoms growing around Kashiwanoha. The students were amazed to see the beautiful petals that they wanted to make their own. We came back to the school and the classes came together to make three, giant cherry blossom trees out of origami paper and crayons. The older students also made some smaller cherry blossoms to show their parents.

## Strawberry Sandwiches

As a part of Sharing the Planet, the students used some recycled materials to make yummy strawberry sandwiches. They used the bottom of the carton to hold the yogurt, spread it on the bread using a spoon made of the side of the carton, and the rest of the carton was spread out and used as a chopping board. They saw that they could use recyclables for many things. The best part though was eating the tasty sandwiches.

## End of the Year

March means many things but for us it means the end of the school year. It is hard to believe that another year has come and gone. Some of our students will be heading off to elementary school, taking all they have learned with them. To celebrate everyone's hard work, they were awarded with a certificate of completion. After that, we put all the lunches in a wagon and headed out for a picnic in Kashiwanoha park. It was an amazing way to end the school year.

# Graduation Special

**Graduation**

This year, we had a special event for our graduating K3 class in Roppongi Ark Hills. All the graduating students from Kashiwanoha, Meguro, and Ikebukuro attended to be awarded for their years of hard work. They all looked so amazing in their cap and gown as they headed towards the stage to accept their diploma. There were lots of smiles, lots of laughs, and as many tears. We are so proud of all of our graduates and wish them luck as they move on to elementary school. We hope they take what they have learned with them.
